<b>Caribbean Renewable Energy Development Programme (CREDP), Phase 1+2</b>	Caricom Member States + Cuba and Dominican Republic	GTZ	BMZ, ADA	2003	2012	7.45 Mio. (consultancy 5.4 Mio.)	131 long term consultants + 70 short term consultants	<p><b>Phase 1:</b> Strengthening the policy legal and economic framework conditions for development of a competitive market of renewable energies in the Caribbean Region. Assisting ministries for energy in developing energy policies with focus on renewable energy development. Capacity building through workshops and study tours and public awareness campaigns. Technical assistance for the hospitality sector, power utilities and potential private investors with the intention to invest in renewable energy projects. This project is the German contribution to a larger GEF – financed project (CREDP/UNDP).</p> <p><b>Phase 2:</b> Continuation of Phase 1 (from 2003-08). Strengthening the renewable energy sector in the Caribbean Region through the five activities: (1) legal advisory of political decision makers including assistance in setting up energy policies and energy legislation; (2) technical assistance for RE projects by means of studies and up to assistance in tendering in order to enable a decision of investment; (3) public awareness campaigns for the use of RE; (4) training and capacity building of political decision makers and technicians of power utilities and potential investors in RE technology; (5) technical assistance, capacity building and public awareness campaigns for energy efficiency in the hospitality sector, domestic sector and industry.</p>
<b>Support of the Afghan Geological Survey</b>	Afghanistan	Government of Afghanistan	World Bank	2008	2011	Ca. 2.8 Mio	105	Support of the Afghan Geological Survey in order to enable the Survey to act as an efficient service-provider for regional and national development and the private sector. The scope of work includes the development of mineral data basis, the generation and provision of geological information, investment promotion and the training of staff of the Geological Survey.

<b>Preparation of Mining Companies in Rwanda for Compliance Audits to the Certified Trade Chains (CTC) Standards Set</b>	Rwanda	BGR	BMZ	2010	2010	100,000	4	<p>The project is an essential contribution to the project "Building Best Practice in Rwandan Mineral Production", which is implemented by the Rwandan Geology and Mines Authority (OGMR) and the German Federal Institute for Geosciences and Natural Resources (BGR). It aims at fostering ethical standards and good practice in the mineral producing industry of Rwanda, including certification of the origin of minerals purchased by industrial end users.</p> <p>Specific recommendations for improving the assessed mining companies' operations in view of the CTC-certification are developed for two key topics: (i) Occupational Health and Safety and (ii) company policies and procedures for gender equity in employment and against bribery and illicit payments in order to support the four volunteering wolfram and columbite-tantalite mining companies in view of the CTC-certification.</p>
<b>Study on mechanization of artisanal diamond mining</b>	Guyana, Brazil, Guinea, DRC, Ghana, Sierra Leone	DDI	DDI	2010	2010	30,000	2	<p>The study is performed in the 6 mentioned countries in order to identify barriers and success factors for mechanization of artisanal alluvial diamond mining operations. The document shall guide DDI and the Kimberley Process countries on pilot schemes and adjusting the political economy (including the legal-administrative framework) in order to promote the normalization and modernization of alluvial diamond production.</p>
<b>Regional seminars on renewable energy technologies and project experiences for the EC's Energy Facility</b>	Barbados, Ecuador, Ethiopia, Senegal	EuropeAid/ European Commission	EC	2010	2010	100,000	2	<p>Preparation and carrying out a training seminars for regional EC delegations, governmental agencies and NGOs on renewable energy technologies and related project experiences, relevant for the Energy Facility programme of the EC.</p>
<b>Advisory service on the establishment of a Mining School</b>	Bolivia	GFA	EC	2010	2010	15.000	1	<p>Advisory mission on educational, administrative and legal institutional aspects for sustaining the recently established mining school in Oruro</p>
<b>EITI in the ASM sector</b>	Tanzania, Liberia and global	BGR	BMZ	2009	2010	50.000	3	<p>Assessment of issues and options for the inclusion of the artisanal mining sector in transparency initiatives (especially EITI). The opportunities to include ASM in EITI mechanisms is studied in the ASM countries with EITI candidate status (Tanzania and Liberia).</p>
<b>Support of the ASM training project in Papua New Guinea</b>	PNG	Government of PNG, EC	EC (Sysmin funds)	2007	2010	1.350,000	70	<p>Development of curricula and didactic materials, training of trainers and support of training course delivery at the three training centres physically established by the Sysmin funded MSSP project in Wau, Porgera and Wewak.</p>
<b>Support of the Gold Mining Sector in Eastern Senegal</b>	Senegal	Government of Senegal, EC	EC (Sysmin funds)	2007	2010	790,000	33	<p>Support of the Governmental authority and implementation of practical support measures in the fields of geology, environment, mining exploitation, mineral concentration, labor safety, and social issues in the artisanal and small scale gold mining communities of eastern Senegal.</p>

<b>Promotion of Renewable Energy in Bolivia</b>	Bolivia	KfW	BMZ	2005	2010	5 Mio. (consultancy 700,000)	17 EM inter- national and 110 EM local experts	The objective of this project is to improve the rural electrification using the existing hydropower potential in Bolivia. The project will implement at least 17 mini and micro hydropower plants in different rural departments of Bolivia. The approach includes the formation of local electricity companies and will provide training and capacity building for rural electricity service providers. Projekt-Consult GmbH together with the local consultancy "A&R Consultores Ltd." will supervise the elaboration of the feasibility studies for the 11 projects, supervise the implementation of the 17 small hydropower stations and provide training to local electricity service providers, operators of the hydropower plants
<b>Project Progress Monitoring of the Project Environment in Mining, Mongolia</b>	Mongolia	BGR	BMZ	2009	2009	15.000	1	Autoevaluation and independent external review of the German-Mongolian Technical Cooperation Project Environment in the Mining Sector in Ulambataar and Provinces of Mongolia
<b>Regional seminar on renewable energy technologies and project experiences</b>	Nicaragua	European Commission	EC	2009	2009	25,000	1	Preparation and carrying out a training seminar for regional EC delegations, governmental agencies and NGOs on renewable energy technologies and related project experiences.
<b>Photovoltaic demonstration projects in St. Lucia</b>	Saint Lucia	Ministry of Physical Development	BMZ	2008	2009	20,000	2	Selection of suitable installation sites for PV demonstration projects. Elaboration of tender documents. Assistance in the tender process. Assistance in the implementation of the projects. Assistance in elaboration of a net-metering scheme in coordination with LUCELEC.
<b>Photovoltaic demonstration projects in St. Vincent</b>	St. Vincent & the Grenadines	Office of the Prime Minister + VINLEC utility	BMZ	2008	2009	15,000	1	Selection of suitable installation sites for PV demonstration projects for both the Office of the Prime Minister as well as for the national utility VINLEC. Elaboration of technical documents; assistance in the tender process. Assistance in the implementation of the projects. Assistance in elaboration of a net-metering scheme in coordination with VINLEC.
<b>Technical Assistance for improved small-scale energy supply in Nicaragua</b>	Nicaragua	Ministry of Energy	World Bank	2008	2009	35,000	2	ESMAP study : Assisting the Ministry by an coordinated elaboration of a Pico-PV Sales Package suited to entice and enable local small-scale enterprises to develop new business lines for local sales of Pico PV products in rural and urban areas of Nicaragua, design a Pico-PV Pilot Incentive Mechanism for fast diffusion in rural markets including funding options, and coordinate with parallel Pico-PV consumer preference study
<b>Technical Assistance for improved small-scale energy supply in Bolivia</b>	Bolivia	Vice-ministry of RE	World Bank	2008	2009	25,000	1	ESMAP study : Assisting the Vice-ministry by an coordinated elaboration of a Pico-PV Sales Package suited to entice and enable local small-scale enterprises to develop new business lines for local sales of Pico PV products in rural and urban areas of Bolivia, design a Pico-PV Pilot Incentive Mechanism for fast diffusion in rural markets including funding options.

<b>Assistance in the Formulation of National Energy Policy and National Energy Action Plan</b>	St. Vincent & the Grenadines	Ministry of Technology and Industry, Office of the Prime Minister	BMZ	2006	2009	150,000	5	Advisory service to the Ministry as well as to the newly created energy department at the Office of the Prime Minister. Organization of stakeholder meetings and moderation of stakeholder consultation. Facilitation of consultation between Government and stakeholders and incorporation of comments in draft energy policy and energy action plan.
<b>Solar Energy Program in Western Chinese Provinces (Gansu Qinghai Xinjiang and Yunnan), PR China</b>	China	KfW/MoF China	BMZ	2002	2009	27 Mio. (consultancy 2.16 Mio.)	87 international EM, 142 local EM	<p>In order to ensure smooth implementation of the project, the Consultant was in charge of the following tasks:</p> <ul style="list-style-type: none"> <li>Village planning (selection of suitable villages, load demand, basic design of the systems etc.);</li> <li>Elaboration of tender documents in cooperation with the local service companies and the Chinese tendering window company;</li> <li>Participation in bid evaluation and negotiations of the Chinese Partners with the identified System Integrator;</li> <li>Supervision and acceptance procedures of installed village power systems.</li> </ul> <p>The identified System Integrator was responsible for delivery and installation of the PVH plants to and within the individual villages. In addition local construction companies were responsible for grid and housing construction to be completed before installation of the PVH plants. Systems were purchased, delivered and installed in two batches, verified by the Consultant by means of Acceptance Inspections.</p> <p>As a result, in Yunnan 52 villages, in Xinjiang 34 villages, in Gansu 25, and in Qinghai 56 villages were equipped with PVH power systems. In total, 167 PVH systems with a total capacity of 1.3 MWp were installed and handed over to local service companies. Finally, a total of about 7,200 households could benefit from installed PV systems.</p>
<b>Advisory services to the Ministry of Mining and Metallurgy</b>	Bolivia	GFA	EC	2008	2008	10,000	1	Support of the ministry of Mining and Metallurgy in the framework of the EC-funded APEMIN II. Proposing means for institutional strengthening in order to upgrade internal organization, performance and efficiency of the institution in order to facilitate the implementation of the new 5-year plan for the development of the mining sector
<b>RE demonstration project Latille Falls in St. Lucia</b>	Saint Lucia	Ministry of Physical Development + Office of the NAO	BMZ	2008	2008	5,000	1	Analysis of existing hydro power and PV equipment and its operation. Elaboration of options for improvement of the equipment. Specification of additional PV equipment. Sourcing of equipment and assistance in the acquisition of the specified PV equipment.
<b>Design Assistance for China Renewable Energy Village Electrification Program</b>	China	World Bank PMO Beijing	World Bank / GEF	2007	2008	25,000	1,5	Contribution to a conceptual framework of the national Village Electrification Program for NRDC and design of implementation arrangements for provincial village program in Xinjiang

<b>Caribbean Wind Energy Initiative (CAWEI)</b>	Caribbean Region	EC Energy Initiative/ PDF	EC	2006	2008	145,000	3	CAWEI is an initiative to advance with wind energy projects in the Caribbean. This is being done through the bundling of different projects and joint tendering in order to create a critical mass of wind energy projects. Three projects with a total of 30 MW were prepared. Part of CAWEI is a series of seminars and workshops, the elaboration of standard tender documents for wind energy projects and a study tour to Europe.
<b>Establishment of Regional Electrification Plans for Mopti and Ségou and Assistance for assignment of Concessionaires</b>	Mali	AMADER	KfW	2006	2008	6.3 Mio (3.4 Mio of KfW)	9	Together with its consortium partner PROJEKT-CONSULT GmbH is responsible for: Study of local electrification activities, establishment of comprehensive electrification plans for two regions (Mopti, Ségou); elaboration of tender documents and assistance during tender and contract negotiations with concessionaires.
<b>Assistance in the Formulation of National Energy Policy</b>	Saint Lucia	Ministry of Physical Development, Sustainable Development Unit	BMZ	2005	2008	150,000	3	Advisory service to the department of sustainable development of the Ministry of Physical Development. Organization of stakeholder meetings and moderation of stakeholder consultation. Facilitation of consultation between Government and LUCELEC and incorporation of comments in draft energy policy. Submission of draft Energy Policy to Cabinet.
<b>Wind Energy Development at Sugar Mill in St. Lucia</b>	Saint Lucia	LUCELEC/ GOSL	BMZ	2005	2008	150,000	3	Wind speed equipment was lent to LUCELEC for the time of the measurement campaign since 2005.. Elaboration of a pre-feasibility study for the Wind park at Sugar Mill. Selection of turbines, yield prediction and elaboration of draft tender documents. Identification of further potential wind park sites in the North-East of the Island.
<b>Integrated Environmental Management of Small-Scale Mining (GAMA)</b>	Peru	SUWE/ DEZA	SUWE/ DEZA	1999	2008	1.25 Mio. 1.60 Mio. 1.00 Mio.	135	Implementation of an integrated program to develop a sustainable small-scale mining sector, including program components such as: assistance to small-scale miners, pilot projects for mechanisation, inter-institutional co-ordination, policy advice and training / sensibilisation
<b>Study of the framework for the establishment of a gemological institute in Zambia</b>	Zambia	Government of Zambia	World Bank	2007	2007	55,000	2	In order to strengthen the mineral sector diversification in Zambia, the team studies the framework condition for the establishment of a gemological institute, especially focusing on its legal constitution, its ownership and management, as well as on the potential services to be delivered (mineral evaluation, training in gem cutting and marketing).
<b>Feasibility study on the establishment of a mining school</b>	Bolivia	GFA	EC	2007	2007	10,000	1	Advisory services to a national multidisciplinary team, studying the political, institutional, legal, organizational, technical, social and economic framework for setting up a mining school for the vocational training of miners from the cooperative, private and state-owned mining sectors in Bolivia (sub-project of APEMIN II).
<b>Development of a reference document on the 6<sup>th</sup> Annual CASM meeting in Madagascar</b>	Global	CASM	WB	2007	2007	5,000	0,5	Systematization of presentations, key note speeches, work group results, and discussions under the topic: "ASM from threat to opportunity" at the 6 <sup>th</sup> Annual CASM Conference held in Nov 2006 in Antsirabe, Madagascar

NAME OF THE PROJECT (SUBJECT)	COUNTRY	CLIENT	FINANCING	DATE		PROJECT BUDGET (CONSULTANCY CONTRACT) IN EURO	EXPERT/MONTH (PROJEKT-CON- SULT GMBH)	SHORT DESCRIPTION OF THE IMPLEMENTED ACTIVITIES

<b>Guidance notes on best practice for the mediation between artisanal and large scale mining</b>	Global	CASM	WB	2007	2007	10,000	1	Analyzing global projects and initiatives to solve conflicts between artisanal and large scale mining, identification of lessons learnt and development of a guide for best practice to mediate conflicts between formal and informal mining enterprises.
<b>Assistance in amending the Electricity Supply Act in Grenada</b>	Grenada	Ministry of Agriculture, Transport and Energy	BMZ	2007	2007	15,000	1	Provision of a qualified international policy consultant who assisted in analyzing the ongoing efforts in amending the ESA. Elaboration of proposals for the intended amendment and presentation of recommendations to the Minister with responsibility for energy.
<b>Assistance in setting up the Independent Regulatory Commission (IRC)</b>	Dominica	Ministry of Public Utilities + Independent Regulatory Commission	BMZ	2007	2007	50,000	2	Provision of a qualified international regulatory consultant who assisted in setting up the structure of the IRC, helped in elaborating job descriptions for commissioners and other IRC personnel. Provision of back stopping service for the IRC.
<b>Feasibility Study for hinterland electrification in Guyana</b>	Guyana	Office of the Prime Minister (OPM)	IDB	2007	2007	200,000	5	Provision of a team of 5 qualified international energy consultants to provide assistance to the Office of the Prime Minister. Elaboration of a study recommending different demonstration projects using solar energy (PV), wind, hydro power and hybrid systems with diesel back up. The study included the field visit of 26 Amerindian Villages in the Hinterland.
<b>Assistance to the Vietnam-Sweden Rural Energy Program</b>	Vietnam	ENTEC	SIDA	2007	2007	7,000	0.5	Contribution to the project design for a PV-Hybrid System on Bai Huong Island of Vietnam
<b>Energy-policy Framework Conditions for Electricity Markets and Renewable Energies (TERNNA)</b>	World-wide	GTZ	BMZ	2006	2007	93,000	7.7	Supra-regional country study (TERNNA) on "Energy-policy Framework Conditions for Electricity Markets and Renewable Energies" analysis of local and regional sector situation in 23 selected countries.

				FROM	TO			
<b>Mwadui Community Diamond Partnership Project</b>	Tanzania	De Beers	De Beers	2006	2007	180,000	5	Within the Diamond Development Initiative – a spin-off of the Kimberley Process – De Beers requested Projekt-Consult GmbH to, <ul style="list-style-type: none"> <li>a) develop a pilot project at Williamson Diamonds Ltd. to reduce poverty and accelerate sustainable socio-economic development in the communities around diamond mining areas, and</li> <li>b) formalise, transform and support artisanal and small-scale mining communities in the Shinyanga Region of Tanzania through a multi-stakeholder partnership.</li> </ul> The intervention includes, a comprehensive baseline study, needs assessment for mining related interventions, SME sector development to provide income alternatives, and social support measures. The identification of subproject options and the development of an implementation strategy are accomplished by the establishment of a participatory cooperation platform.
<b>Provision of Technical Assistance to the Minerals Commission in the Mining Sector Support Programme (MSSP) in Ghana</b>	Ghana	MIBRAG	EC	2006	2007	581,360	20	Provision of technical assistance to the Minerals Commission: institutional strengthening; monitoring of exploration and mining activities; installation of an Information Mining System; definition and organization of training programmes (in Ghana and overseas); promotion of the Minerals Sector of Ghana; assist the establishment of a modern system of mining rights management; design the method and prepare the corresponding procedures of monitoring, mining and exploration activities; promotion of the development of industries related to the mining sector; accompany the Ghanaian delegation at international venues to promote investments to the Mineral Sector
<b>Promotion of Renewable Energies in the Dominican Republic</b>	Dominican Republic	GTZ	BMZ	2005	2007	500,000	1	Provision of a qualified international energy consultant to assist the SEIC in the promotion of RE. Elaboration of Pre-Feasibility and Feasibility Studies, assistance in formulating the new RE law, preparation and execution of seminars, workshops, study tours etc.
<b>Support to the Small Scale Mining Sector, Zambia</b>	Zambia	EC	EC	2002	2007	3.36 Mio.	15	The Sysmin - Mining Sector Diversification Project, Zambia, gives policy advice to the government of Zambia in mining economics, private mining investment promotion, diversification of mining activities, marketing, normalisation, environmental and health issues as well as regulation and control of the mining sector. The program provides technical assistance, institutional strengthening, qualification and training and assistance in financing. Key subsectors are industrial minerals, dimension stones and gemstones.
<b>Assistance to brick makers</b>	Vietnam	Entec AG	DEZA	2002	2007	1.9 Mio.	36	The objective of the project is to identify and develop replicable, viable and proven efficient and environmentally sound solutions for the needed improvements in the private brick making sector in Nam Dinh. This will be done focusing on the following key activities: (1) Identification and pilot testing of measures for the technological change towards sound production processes, (2) Identification of measures to optimise the currently applied processes and (3) Identification of appropriate SME promotional measures and instruments for business development

NAME OF THE PROJECT (SUBJECT)	COUNTRY	CLIENT	FINANCING	DATE		PROJECT BUDGET (CONSULTANCY CONTRACT) IN EURO	EXPERT/MONTH (PROJEKT-CON- SULT GMBH)	SHORT DESCRIPTION OF THE IMPLEMENTED ACTIVITIES
				FROM	TO			
<b>Wide-scale rural electrification by means of Solar Home Systems through Fee-for-Service approach</b>	Morocco	ONE	KfW/BMZ	1999	2007	5.2 Mio (consultancy 961,000)	48	Advisory service to ONE (National Electric Utility) in the implementation of a rural electrification program (PERG) with procurement and supervision of the installation of 16.000 solar home systems
<b>Mid Term Review of the project "Proyecto Usos Productivos de Hidroenergía a Pequeña Escala"</b>	Nicaragua	SDC	SDC	2006	2006	20,000	1	The objective of this project is the design and construction of small scale hydropower plants (SHP) for off-grid and on-grid operation in rural Nicaragua. 30 SHP have been identified, 4 plants are under construction, 3 more are being prepared for construction. The project was evaluated (Mid Term Review) after a duration of 4 years. The project is financed by GEF/UNDP with co-financing from COSUDE. PROJEKT-CONSULT GmbH was contracted by COSUDE as representative of COSUDE in the evaluation team.
<b>Background materials for policy - makers in the mineral resources sector</b>	Supra-regional	BGR	BMZ	2006	2006	40,000	2	The objective is to accompany the newly sector concept for the German Government for international cooperation actions in the mineral resources sector; to develop background materials on mineral resources as development factors, experiences with bi- and multi-national measures for eight programmes as well as action lines of sustainable development in the mineral resources sector. They cover metallic and non-metallic as well as traditional energy resources (coal, petroleum and gas).
<b>Appraisal mission for a new hydro-power project</b>	Nicaragua	SDC	SDC	2006	2006	25,000	1.2	Provision of a qualified international energy consultant to assist in the elaboration of a proposal to SDC for a project on hydropower. The volume of the envisaged project was 18 Mio. CHF with a duration of up to 6 years
<b>Gold-Study</b>	Zambia	EC	EC (Sysmin funds)	2006	2006	40,000	1,5	In close cooperation with the Minerals Sector Diversification Project (MSDP) the study assesses the opportunities for the gold sector in Zambia including the large-scale, artisanal and small-scale mining sector and provides policy guidance for the future incentive based development of the sector.
<b>Assistance to the Ninja Mining-Sector in Mongolia</b>	Mongolia	SDC	SDC	2005	2006	600,000	13	Assistance to the Mongolian Government (Mineral Resources and Petroleum Authority of Mongolia, AIMAG and SOUM-Administration) and Private Sector in order to minimize conflicts and optimise livelihood-conditions in rural areas by upgrading the legal administrative framework, the organizational set-up and the technical skills of the involved stakeholders. The 18-month measure is an orientation phase towards a long-term engagement of SDC in the sector
<b>Assessment for the establishment of a Gemstone-Exchange in Zambia</b>	Zambia	EC	EC (Sysmin funds)	2005	2006	50,000	2	In close cooperation with the Mining Sector Diversification Programme (MSDP), Projekt-Consult was assessing the feasibility of a Zambia-based gemstone exchange facility comparing the framework conditions with gemstone trading centres in Germany, Thailand and Tanzania. The assessment comprised a study of a Zambian gemstone market and included a financial viability estimation for a GEMEX.

NAME OF THE PROJECT (SUBJECT)	COUNTRY	CLIENT	FINANCING	DATE		PROJECT BUDGET (CONSULTANCY CONTRACT) IN EURO	EXPERT/MONTH (PROJEKT-CON- SULT GMBH)	SHORT DESCRIPTION OF THE IMPLEMENTED ACTIVITIES

<b>Standard for Mini Hydropower Planning and Design in Vietnam and its Neighbouring Countries - STAMP</b>	Vietnam, Laos, Cambodia	ACE	EC, PECC1, GTZ, PC	2004	2006	497,000	8	The aim of the proposed project is to establish a comprehensive standard for the preparation of feasibility studies for mini and micro hydropower development adapted to the specific conditions in Vietnam, Laos and Cambodia. The standard will be established based on practical examples of mini hydropower projects and will be building on existing experience, know-how and technologies from Europe and other ASEAN countries
<b>Integrated environmental management in small-scale mining (MEDMIM)</b>	Bolivia	DEZA	DEZA	1994	2006	5.2 Mio.	205	Implementation of the long-term project, assistance to various different sub-secretaries of the Ministry of Sustainable Development, Environment and Economic Development, consultancy to environmental NGOs, consultancy to enterprises and mining co-operatives in the planning and implementation of environmental measures especially for the protection of human health and water; one sub-component dedicated to the development of a feasibility study for the common treatment of mining effluents in a tailing dam (6 Mio. t)
<b>Barite-Mining design-study</b>	Nigeria	Government of Nigeria	World Bank	2005	2005	160,000	5	Development of a design-study for a pilot project of a community-based and private sector focused project for the development of the national barite mining industry in Nigeria. Development of three different alternatives after a geological, legal, social, technical and economic assessment of the barite deposits in Nigeria.
<b>Artisanal and Small-Scale Mining Guidance Notes for Governments</b>	Worldwide	World Bank	World Bank	2005	2005	15,000	1	Development of a framework for the drafting of "good practice guidance" for governments policy makers and administrators to address and deal with key social, economic, environmental and health aspects of artisanal and small-scale mining production, governance and community relations for building community sustainability
<b>Appraisal of a Ninja Mining Project in Mongolia (Ninja mining study)</b>	Mongolia	SDC	SDC	2005	2005	50,000	3	Assessment of an artisanal mining related project within the Sustainable Natural Resources Management framework in Mongolia: execution of a multi stakeholder workshop to assess opportunities to apply experiences from SDC supported ASM projects from Latin America in Mongolia and development of a project concept
<b>Birmin Gwari ASM baseline study</b>	Nigeria	Government of Nigeria	World Bank & Austrian Trust Fund	2004	2005	50,000	2	Training of and assistance to a Nigerian researcher team to perform an interdisciplinary baseline study on the mining area of Birmin Gwari (gold mining). The study is the first field application of the "toolkit" for baseline studies on ASM in Africa according to the sustainable livelihood approach, developed under CASM by the same expert team.
<b>Global Inventory on ASM related projects</b>	worldwide	Entec AG	Swiss trust fund; WB	2004	2005	65,000	2	Global Inventory of Past Assistance Efforts and Current Criteria for Assistance related to Artisanal and Small-Scale Mining on the part of Development Assistance Organizations for Communities, Local Authorities, National Governments in Bank Client Countries for Mining Policy and Reform Division (COCPD), OGMIC Department; The World Bank

NAME OF THE PROJECT (SUBJECT)	COUNTRY	CLIENT	FINANCING	DATE		PROJECT BUDGET (CONSULTANCY CONTRACT) IN EURO	EXPERT/MONTH (PROJEKT-CON- SULT GMBH)	SHORT DESCRIPTION OF THE IMPLEMENTED ACTIVITIES
				FROM	TO			
<b>Innovative Risk Coverage and Financing of Projects Related to the Implementation of CDM Projects</b>	Morocco, India	EC	EC	2003	2005	763,000	8	The goal of the project is to address important project development and financing barriers to the successful implementation of the CDM as presently proposed by the Kyoto protocol, building a practical methodology for bringing forward and implementing real CDM projects.
<b>Thematic Evaluation of projects against child labour in mining</b>	worldwide	IPEC	ILO	2004	2004	15,000	1	Analytical review of experiences based upon the project and evaluation documents of country programmes with mining components and mining programmes in the Philippines: Mining in Camarines Norte; Mongolia; Nepal; Colombia; South America including Ecuador, Peru and Bolivia; Guatemala: Stone Quarries Retalhuleu; Uganda and Zambia; Niger, Tanzania "Child Labour in Mining", Madagascar and Kenya. Execution of a stakeholder workshop with project staff held in Washington.
<b>Occupational health &amp; safety management</b>	Finland	Arctic Platinum	Arctic Platini- um	2004	2004	44,000	4	Arctic Platinum Partnership (APP), a subsidiary of Goldfields International (UK) developing a large precious metal project near the arctic circle in Finland, contracted Projekt-Consult GmbH to provide management support in occupational health & safety. During the 4-month trial mining stage, Projekt-Consult prepared and implemented a comprehensive set of OH&S guidelines and operating procedures, trained APP staff and contractors and supervised the safe excavation of some 235,000 m <sup>3</sup> under arctic conditions.
<b>ESMAP Study: Development of the Hydro-Power Sector</b>	Nicaragua	CNE	WB	2003	2004	40,000	3	Sector study on hydro-power in the range of 100 kW up to 25 MW, as part of the study "Promotion for Renewable Energy Technologies" (the other studies evaluate the geothermal and eolian energy).
<b>Energy Efficiency in the Cuban Industry (RECIC - Reducción del Consumo de Electricidad en la Industria Cubana)</b>	Cuba	Entec A.G.	DEZA	2002	2004	1.1 Mio	60	Execution of the project RECIC. Objective is reduction of electricity consumption in the Cuban industrial and public sector through demonstration of modern lighting technologies and development of models for their commercial application. Development and operation of a revolving fund for investment projects in the lighting sector.
<b>Energy Efficiency and environmental management in the private brick industry in Vietnam</b>	Vietnam	Entec A.G.	DEZA	2001	2004	950,000	12	The private brick industry in Vietnam is using traditional technologies, which are polluting and of low efficiency. Resource management, technological changes and process optimisation is envisaged to create a competitive sector, which works in harmony with the local peasants. Following an appraisal mission a two year orientation phase in the Nam Dinh region is implemented in this sector.
<b>Industrial Pollution Control Project (ICICP)</b>	Philippines	DBP	KfW/BMZ	1998	2004	1.5 Mio.	100	Advisory services to the Development Bank of the Philippines for the Industrial Pollution Control Loan Project (15 Mio. €) in the management of sub loans for environmental projects of the small and medium scale industry of the Philippines
<b>Small Enterprise Promotion Project</b>	Yemen	GTZ	BMZ	1998	2004	1.3 Mio.	65	Advisory services to the relevant authorities and bodies to upgrade the capabilities of small enterprises in the provinces of Taiz and Aden, institutional strengthening, training, consultancy services for the enterprises etc.

NAME OF THE PROJECT (SUBJECT)	COUNTRY	CLIENT	FINANCING	DATE		PROJECT BUDGET (CONSULTANCY CONTRACT) IN EURO	EXPERT/MONTH (PROJEKT-CON- SULT GMBH)	SHORT DESCRIPTION OF THE IMPLEMENTED ACTIVITIES
				FROM	TO			
<b>Support to Small-Scale Mining: Rural development in the former mining centres in the Bolivian highland</b>	Bolivia	EC	EC	1997	2004	7 Mio (consultancy 1.1 Mio.)	160	Implementation of the long-term project with the following key issues: (I) reactivation of the small-scale mining activities in the co-operative mining areas of the former COMIBOL, environmental recovery, technical assistance, (II) diversification and training in alternative economic activities, (III) upgrading of social infrastructure (energy, roads, health, drinking water, etc.) and (IV) strengthening of the process of decentralisation (participation of the public)
<b>Project Appraisal Study for a Mini Hydro Power Programme in Bolivia</b>	Bolivia	KfW / VMEH	BMZ	2003	2003	5 Mio. (consultancy 35,000)	3	Update of the Feasibility Study from 2002, Pre-feasibility study for 11 additional hydropower stations. Final design of a Hydropower Programme in Bolivia (total programme consist of 17 Micro and Mini Hydropower Stations)
<b>Qualification of gemstone miners</b>	Sri Lanka	ITC	DFID	2002	2003	60,000	3	Elaboration of training materials and qualification of miners and local stakeholders in the evaluation of rough gemstones.
<b>Energy Efficiency in the Cuban Industry</b>	Cuba	Entec A.G.	DEZA	2002	2002	50,000	3	Appraisal mission, project design and demonstration project related to re-lighting in selected Cuban industry sectors. Preparation of a larger electricity saving project.
<b>Project Appraisal Study for a possible new Renewable Energy Project in Bolivia</b>	Bolivia	KfW / VMEH	BMZ	2002	2002	5 Mio. (consultancy 100.000)	7	Project appraisal, feasibility study, project design and elaboration of financial models for the application of renewable energies (hydropower and PV) in Bolivia. Supervision of 6 final design studies for micro and mini hydropower stations and for 29 villages to be electrified by Solar Home Systems.
<b>Policy paper development for the Mining, Minerals and Sustainable Development Project (MMSD)</b>	world-wide	IIED/ MMSD	IIED/ MMSD	2001	2002	25,000	3	Development of a policy paper for the world mining community (private industry, governments and donor organisations) on the artisanal and small-scale mining issues as strategy presentation on the Rio plus 10 conference in 2002 <a href="http://www.iied.org/mmsd/mmsd_pdfs/asm_global_report_draft_jan02.pdf">http://www.iied.org/mmsd/mmsd_pdfs/asm_global_report_draft_jan02.pdf</a>
<b>Assessment Study of Calculation Models for GHG Emissions applied by International Organisations</b>	world-wide	GTZ	BMZ	2001	2002	51,000	5	Assessment Study of Calculation Models for GHG Emissions applied by International Organisations, based on Case Studies in the field of Renewable Energies.
<b>Consultancy service to the Government of Grenada/Ministry of Energy in the amendment of the Electricity Act</b>	Grenada	Ministry of Energy	Ministry of Energy	2001	2002	10,000	1	Consultancy service to the Government of Grenada/Ministry of Energy in the amendment of the Electricity Act, consideration of Renewable Energies in the legislation, formulation of rules and regulations under special consideration of incentives for renewable energies.
<b>Caribbean Renewable Energy Development Project (CREDP)</b>	Caribbean	UNDP Guyana	UNDP/GEF	2001	2002	20,000	2	Finalisation of the project documentation, preparation and implementation of the final steering committee meeting, co-ordination of the endorsement process of the participating 16 countries.
<b>Evaluation of impact on climate change caused by projects of technical assistance</b>	Supra- regional	GTZ	BMZ	2001	2002	44,000	4	Elaboration of a study on the impact of technical assistance projects on the climate change and design of an integral model calculating and estimating these impacts based on models used by international organizations such as GEF, World Bank, UNDP, etc.

NAME OF THE PROJECT (SUBJECT)	COUNTRY	CLIENT	FINANCING	DATE		PROJECT BUDGET (CONSULTANCY CONTRACT) IN EURO	EXPERT/MONTH (PROJEKT-CON- SULT GMBH)	SHORT DESCRIPTION OF THE IMPLEMENTED ACTIVITIES
				FROM	TO			
<b>Integrated Management of the Small-Scale Mining Sector</b>	Madagascar	MEM/Madagascar	WB	2000	2002	900,000	12	Development of an integrated management plan for the malgache small-scale mining sector, especially gem stones, targeting on the improvement of environmental, economic and social performance and an integration in the formal economy Institutional strengthening of the relevant institutions and preparation of decentralised extension services towards the small-scale miners
<b>Promotion of Productive Hydropower Utilisation</b>	Nepal	GTZ	BMZ	2000	2002	1.5 Mio	6	Implementation of an integrated hydropower development project focusing on the improvement of political, legal and financial framework conditions, on institutional strengthening, on productive use and on technology transfer in the field of hydropower plants up to 10 MW.
<b>Promotion of the artisan self-help organisations</b>	Mali	GTZ	BMZ	1995	2002	1.2 Mio.	60	Implementation of the long-term project, institution building, management consulting
<b>Rational use of energy in agriculture in Minas Gerais</b>	Brazil	GTZ	BMZ	1994	2002	2.02 Mio.	91	Implementation of the long-term project, technical assistance to a public enterprise (consultancy to the energy utility CEMIG in the improvement of the energy supply for agriculture and peripheral rural regions). Appropriate energy utilisation in the agricultural sector in Minas Gerais, advisory service to the regional electricity utility CEMIG
<b>Appraisal Mission and feasibility study for a new project in the field of Renewable Energy Technologies in the Dominican Republic</b>	Dominican Republic	GTZ	BMZ	2001	2001	2 Mio. (consultancy: 25,000)	2	Project appraisal and project design of a new TA project for the application of renewable energies (hydropower, wind and solar thermal applications) in the Dominican Republic. Volume of the new project: 2 Mio €, duration of Phase I 4 years
<b>Appraisal Mission and feasibility study for a new project in the field of Hybrid Photovoltaic/Diesel Village Power Stations in West China</b>	China	KfW	BMZ	2001	2001	100,000	4	Project appraisal and project design of a new FC project for the application of solar energy (PV village stations, mini grids) in China . Volume of the new project: 10 Mio €, duration 3 years.
<b>Sustainable Energy Seminar for ACP Island States within the Framework of EC Development Co-operation</b>	Dominican Republic	EC	EC	2001	2001	35,000	3	Preparation and implementation of the Seminar. At the Seminar invited delegates of 31 ACP Island States and representatives of EC and international organisations discussed opportunities to mainstream energy related activities into their respective Countries Development Strategy under the European Development Fund (EDF 9).
<b>Pilot Project Trade Policy</b>	Bolivia	Tulum S.A.	SECO	2000	2001	2.2 Mio (consultancy 67,500)	5	Co-ordination of the program with 7 sub projects on trade policy, trade efficiency and market access in Bolivia
<b>Environmental protection in small-scale gold mining</b>	Ecuador	DEZA	DEZA	1993	2001	2.2 Mio.	84	Implementation of the long-term project, institution building, studies, concepts, training dedicated to create environmental awareness amongst the mining community and the public in the gold mining centre of Zaruma Portovelo and to introduce integrated environmental management

NAME OF THE PROJECT (SUBJECT)	COUNTRY	CLIENT	FINANCING	DATE		PROJECT BUDGET (CONSULTANCY CONTRACT) IN EURO	EXPERT/MONTH (PROJEKT-CON- SULT GMBH)	SHORT DESCRIPTION OF THE IMPLEMENTED ACTIVITIES
				FROM	TO			
<b>Fair Trade for Gold from South America</b>	Bolivia/ Ecuador	Fair Trade e.V.	Fair Trade e.V.	2000	2000	10,000	1	Establishment of fair trade relations between south American small scale gold producers (cooperatives), small refineries and local jewelers with importers on the international market.
<b>Caribbean Renewable Energy Development Project (CREDP)</b>	Caribbean	CEIS	UNDP/GEF	1999	2000	250,000	8	Preparatory study of a regional renewable energy project (UNDP PDF block B): removal of barriers in the fields of policy, financing, capacity building and awareness / information systems
<b>Replacement of fossil fuel based energy systems by biomass resources, country program Costa Rica</b>	supra- regional/ Costa Rica	GTZ	BMZ	1999	2000	20,000	2	Project evaluation and documentation of a project supporting the local saw mill industry in the utilisation and marketing of wood chips, sawdust and other rejects from forestry and sawmill operation as energy sources, publication of results
<b>Artisanal mining</b>	Nicaragua	PANIF	Finnish Int. Co-op.	1998	2000	10,000	1	Consultancy for the project: sector analysis for the small-scale mining, planning and engineering of a pilot treatment plant for gold mining
<b>Promotion of the artisanal sector and of micro enterprises including the informal sector</b>	Niger	GTZ/ HWK Ulm	BMZ	1991	2000	4 Mio.	136	Implementation of the long-term project, technical assistance and promotion of regional and local institutions (in co-operation with chambers of industry, trade, small entrepreneurs and artisans)
<b>Financing of Solar Home Systems (SHS)</b>	supra- regional	GTZ	BMZ	1998	1999	25,000	2	Supra-regional study on international experiences with financing models for solar home systems within the frame of development of financing systems
<b>Environmental dialogue</b>	Bolivia	MDSMA La Paz	WB	1998	1999	95,000	3	Organisation of the „Diálogo Ambiental en Bolivia“: planning, implementation and follow-up of three participatory work-shops to develop an integrated action plan for the sustainable development in Bolivia
<b>Mining and environment: Training of environmental auditors</b>	Peru	BGR	BMZ	1997	1999	985,732	34	Implementation of the long-term project, institution building, training, consortium with „Piret und Stolberg Partners“ and „Porst und Partners“
<b>Special Energy Program (SEP): Environmentally sound energy supply with renewable energy in rural regions</b>	Philippines	GTZ	BMZ	1997	1999	609,910	40	Implementation of the long-term project, consultancy to the National Energy Administration and to regional electricity co-operatives in the field of public services, institutional assistance to those co-operatives, training of staff; advisory services to the Department of Energy (DOE) in the formulation of the renewable energy concept for rural areas.
<b>Small Scale Mining Project of the Minerals Commission</b>	Ghana	BGR	BMZ	1995	1999	518,806	31	Implementation of the long-term project: institutional support, training, transfer of technology to the Minerals Commission in order to create institutional capacities for the extension of services to the small-scale mining community; implementation of pilot processing plants for gold and diamonds
<b>Promotion of the artisanal sector and of micro-enterprises in the district of Rombo (PACT)</b>	Tanzania	GTZ/ HWK Reutlingen	BMZ	1991	1999	2.3 Mio.	113	Implementation of the long-term project, technical assistance and promotion of regional and local institutions

NAME OF THE PROJECT (SUBJECT)	COUNTRY	CLIENT	FINANCING	DATE		PROJECT BUDGET (CONSULTANCY CONTRACT) IN EURO	EXPERT/MONTH (PROJEKT-CON- SULT GMBH)	SHORT DESCRIPTION OF THE IMPLEMENTED ACTIVITIES
				FROM	TO			
<b>Blacksmith training and consultancy to the 'Appropriate Technology Unit' of the Department for Community Development</b>	The Gambia	GTZ	BMZ	1988	1999	2.6 Mio.	124	Implementation of the long-term project, institution building, training of specialists and artisans in the upgrading of the production of farming tools, management consultancy
<b>Small-scale mining</b>	Bolivia	ILO	ILO	1998	1998	4,000	1	Elaboration of a monographic study based on the example of San Simón, Bolivia
<b>Prefeasibility study for a mining component of an environmental program</b>	Bolivia	Danida	Danida	1998	1998	20,000	1	Prefeasibility study for a mining component of an environmental program in southern Bolivia (Departament of Potosí)
<b>Replacement of fossil fuel based energy systems by biomass resources, country program Costa Rica</b>	Costa Rica	GTZ	BMZ	1997	1998	20,000	2	Backstopping services and short term assistance, evaluation of investment studies, research in biomass utilisation, assistance in procurement of equipment, reporting and project documentation
<b>Central treatment plant for small-scale mining</b>	Venezuela	Placer Dome	Placer Dome	1997	1998	45,000	3	Planning, engineering and implementation of a central mineral processing plant for small-scale gold miners working on the concession of Las Cristinas/Placer Dome
<b>Rural water supply in Fouta Djallon</b>	Guinea Conakry	Beller Consult GmbH	KfW	1996	1998	30,000	2	Short term assistance in technology selection, training and capacity building in the field of hydraulic ram pumps.
<b>Social Development Fund</b>	Jordan	GTZ	EC	1995	1998	311,284	20	Co-ordination and implementation of the project, promotion of institutions
<b>Hilly Hydro Project (HHP)</b>	India	MNES	UNDP/ GEF	1995	1998	400,000	6	Advisory services to the Ministry of Non-Conventional Energy Sources (MNES); planning and implementation of training and capacity building measures in small scale hydropower development, in co-operation with the Mini Hydro Power Group of Europe (MHPG)
<b>Mining and Community</b>	Ecuador	WB	WB	1997	1997	5,500	1	President of the workshop „Las Prácticas de Gestión y la Comunidad“ dedicated to social impact and conflicts between mining and local communities in developing countries
<b>Environmental Management</b>	The Gambia	GTZ	BMZ	1997	1997	13,000	1	Project evaluation of the German contribution to the Gambian-German Environment Management Project within the National Environment Agency (NEA) (co-financed by GTZ, UN and WB) in The Gambia
<b>Competition between conventional and renewable energy sources, case study on photovoltaic systems</b>	Morocco	GTZ	BMZ	1997	1997	40,000	4	Study on the competitiveness of renewable energies based on the case study „Photovoltaic Systems in Morocco“
<b>Efficiency-improvement of the research, study and teaching activities at the ICIPC of the EAFIT University, Medellín</b>	Colombia	GTZ	BMZ	1996	1997	45,000	8	Evaluation and mid-term advisory assistance to the plastics scientific institute (ICIPC) of the EAFIT in order to upgrade efficiency of training, consultancy and research activities

NAME OF THE PROJECT (SUBJECT)	COUNTRY	CLIENT	FINANCING	DATE		PROJECT BUDGET (CONSULTANCY CONTRACT) IN EURO	EXPERT/MONTH (PROJEKT-CON- SULT GMBH)	SHORT DESCRIPTION OF THE IMPLEMENTED ACTIVITIES
				FROM	TO			
<b>Building-up of an Environment Department in the Geological Survey SERNAGEOMIN</b>	Chile	BGR	BMZ	1996	1997	18,000	2	Project progress monitoring and development of approach for future assistance
<b>Mercury Pollution Caused by Gold Mining in the Tapajos and Madeira River Basins, Amazonia</b>	Brazil	ICON	EC	1994	1997	500,000	25	Implementation of the technical component in the project aimed at the development of environmentally sound production and beneficiation techniques for gold mining activities, training and awareness building of miners and the public and dissemination of sustainable mining methods
<b>Geological consultancies to the Mining and Industry Ministry</b>	Papua New Guinea	BGR	BMZ	1994	1997	780,000	26	Long-term assignment of a specialist for non-metallic raw materials for the training of the staff of the Ministry in the development of the national industrial minerals mining sector
<b>Consultancy to the Energy Division of the Department of Energy Development</b>	Papua New-Guinea	GTZ	BMZ	1993	1997	1.3 Mio.	72	Implementation of the long-term project, technical assistance in the sector of rural electrification, consultancy to the Ministry (Department of Energy) in the formulation of a rural electrification policy
<b>Improvement of the energy supply in rural areas</b>	Solomon Islands	GTZ	BMZ	1993	1997	847,652	52	Implementation of the long-term project, political consultancy to the Ministry of Energy, Water and Mineral Resources in the formulation of the National Policy of Rural Electrification, technical assistance to a public enterprise (SIEA), design, engineering, invitation to tender and acquisition of the equipment, supervision and starting up of a mini hydro-power plant, technical assistance in the extension of the mains
<b>Promotion of small-scale businesses</b>	Mauritania	GTZ	BMZ	1992	1997	1.1 Mio.	68	Implementation of the long-term project, institution building, training
<b>Opening-up of non traditional craft professions for women</b>	Dominican Republic	GTZ	BMZ	1996	1996	12,000	1	Progress monitoring of the project at the „Centro de Solidaridad para el Desarrollo de la Mujer (CE-Mujer)“
<b>An Environmental Study of Artisanal, Small and Medium-Scale Mining</b>	Bolivia, Chile, Peru	WB	WB	1996	1996	8,000	1	Consultancy for the project, environmental policy for small and medium-scale mining and its impact; case-study Bolivia within the framework of a comparison between Chile, Bolivia and Peru
<b>Replacement of fossil fuel based energy systems by biomass resources, country programme Costa Rica</b>	Costa Rica	GTZ	BMZ	1996	1996	10,000	1	Appraisal mission for a project utilising wood chips and sawmill waste as fuel substitute in the agro and forest industry in Costa Rica
<b>Social, macro-economic and environmental issues of the gold mining industry</b>	Brazil	Government of Amapá	BID	1996	1996	11,000	1	Execution of a training course for personnel of the environmental agency and development of a policy for environmental management of the small and medium-scale mining sector in Amapa
<b>Retainer contract for the GTZ-Chile-Department</b>	Chile	GTZ	BMZ	1996	1996	15,000	2	Evaluation of the project-proposals „Programa de Apoyo Técnico Municipal en la Gestión de Proyectos de Inversión en Energía y Agua“, „Manejo de Residuos Sólidos en la X Región“, „Planificación Territorial de la Zona Costera Bio-Bio“, „Proyecto de Asistencia Técnica para la Ejecución del Plan de Desarrollo Ecoturístico“

NAME OF THE PROJECT (SUBJECT)	COUNTRY	CLIENT	FINANCING	DATE		PROJECT BUDGET (CONSULTANCY CONTRACT) IN EURO	EXPERT/MONTH (PROJEKT-CON- SULT GMBH)	SHORT DESCRIPTION OF THE IMPLEMENTED ACTIVITIES
				FROM	TO			
<b>Small-scale mining promotion</b>	Bolivia	BGR	BMZ	1995	1996	123,000	11	Advisory services to the Bolivian Mining Secretary on privatisation of mining equipment of COMIBOL and drawing up of a concept for a non-governmental service and assistance institution of small-scale mining
<b>Support to Small and Medium Scale Enterprises</b>	Gaza/ West bank	GTZ	BMZ	1995	1995	13,000	1	Evaluation of the project
<b>Promotion of small and medium-scale mining</b>	Botswana	UNIDO	UNIDO	1995	1995	20,000	2	Consultancy to the Ministry for Natural Resources and Water Management/Botswana dedicated to initiate diversification of the national small and medium mining production and on environmental control and management of mining
<b>International Workshop on Ecologically Sustainable Gold Mining and Processing</b>	Indonesia	UNIDO	UNIDO	1995	1995	13,000	1	Consultant and resource person for clean mining technologies, mercury free gold treatment processes, mercury recycling and programs to promote environmental performance in the small-scale mining sector
<b>Evaluation of a loan-fund for small-scale and micro enterprises in the formal and informal sectors</b>	Namibia	GTZ	BMZ	1995	1995	14,000	1	Short term consultancy mission to evaluate micro financing schemes for the small and artisanal sector in Namibia
<b>Training of Mining and Environment Experts for Consultants, Mining Enterprises and Governmental Institutions</b>	Peru	BGR	BMZ	1995	1995	13,500	1	Appraisal mission for a project to train environmental auditors and environmental officers for the mining and metallurgical sector in Peru; special focus on demand analysis
<b>Improvement of the small traditional coking plants</b>	Colombia	DEH	DEH	1994	1995	155,000	8	Feasibility study for a pilot plant to improve efficiency and environmental performance of traditional beehive coking by introducing a system of energy utilisation
<b>Environmental impact assessment in the Kari-Kari-cordillera</b>	Bolivia	EC	EC	1994	1995	10,000	1	Assessment of the environmental impact of base metal mining on soil, ground and surface waters in the Kari-Kari-Cordillera
<b>Amethyst Mining in Rio Grande do Sul</b>	Brazil	BGR	BMZ	1994	1995	68,500	8	Environmental Impact Assessment, design of an environmental control concept in amethyst and agate mining and institutional strengthening of the garimpeiro co-operative COOGAMAI in Rio Grande do Sul, Brazil
<b>Promotion of small and medium-size industries and the artisanal sector</b>	supra-regional	BMZ	BMZ	1993	1995	15,000	3	Investigation-project to determine the organizing capacity of the small industry in the informal sector
<b>Assessment to informal mining and Environment</b>	Peru	MEM Lima	WB	1994	1994	35,000	2	Consultancy to the Ministry for Energy and Mining during the realisation of a study on the environmental impact of informal gold mining activities in Ica/Arequipa, Puno, Rio Madre de Dios and La Libertad
<b>Assistance in small-scale mining to the NGO JUNDEP, IV. Region</b>	Chile	GTZ	BMZ	1993	1994	24,000	3	Assistance of the GATE-partner JUNDEP, IV. Region, Chile in small-scale mining promotion and in the development of the environmental program

NAME OF THE PROJECT (SUBJECT)	COUNTRY	CLIENT	FINANCING	DATE		PROJECT BUDGET (CONSULTANCY CONTRACT) IN EURO	EXPERT/MONTH (PROJEKT-CON- SULT GMBH)	SHORT DESCRIPTION OF THE IMPLEMENTED ACTIVITIES
				FROM	TO			
<b>Vocational training of Peruvian professionals in metal-processing</b>	Peru	CDG	BMZ	1992	1994	340,000	3	Drawing of concepts and realisation of a scholarship program for Peruvian metal mechanics in Germany; including selection of participants in Peru, training courses and industry assignments in Germany
